SUITES & VIEWS

Designed around the light

A suite here is a category all its own — a tier apart from our Standard, Superior and Premium rooms. Crowning the upper floors, our two signature suites trade square metres for spectacle: private outdoor space, double-height living and glass that pulls the daylight — and the water — inside.

Two-Storey Suite with Terrace

HARBOUR VIEW · DUPLEX

A duplex retreat over two floors — living space and a private terrace above the water below, sleeping quarters above, joined by full-height glass and a rain-shower bathroom.

Presidential Suite

PANORAMIC VIEW · DUPLEX

Our finest address — a two-storey residence at the summit of the building. Wraparound panoramic views, a generous living area and the quiet of the top floor make it the definitive Bristol stay.

04 - DINING

Collage Restaurant & Bar

Experience a unique twist on the classic British brasserie. From steaks and smoked haddock kedgeree to a classic British cheeseboard, this is a space where the theatre of service and memorable dishes are the order of the day. Begin with a breakfast buffet of continental favourites and healthy alternatives; end the evening over harbour views or a cocktail at the bar.
